

```
1 class Node
2 {
3 public:
4     int val;
5     Node *left;
6     Node *right;
7     Node(int val)
8     {
9         this->val = val;
10        this->left = NULL;
11        this->right = NULL;
12    }
13 };
```
